

Excellent Orthopedic Care at Scott Memorial Hospital

Patients of Dr. Suresh Kasaraneni have been showing their gratitude since he began performing orthopedic surgery at Scott Memorial Hospital in 2008. Recently, Ted Hammond of Scottsburg had knee surgery performed by Dr. Kasaraneni. After visiting a hospital in Indianapolis, Mr. Hammond was less than satisfied so he decided to schedule an appointment with Dr. Kasaraneni.

After the surgery, Mr. Hammond said, "I wish that I would have gone straight to Dr. Kasaraneni. He did a really nice job. Even his office staff was wonderful. They called me the day after my surgery just to make sure I was doing well."
